

TEJO KUSUMA

Tejo Kusuma joined the World Customs Organization (WCO) in January 2015 as Technical Officer in the Compliance and Facilitation Directorate.

He worked for the Customs Administration of Indonesia for seven years in the Customs Modernization area including Excise management and control, E-Declaration, Bonded-zone logistics management, Business process managements, as well as Passenger facilitation and control as systems analyst prior to joining the WCO.

He is now responsible in the area of Digital Customs, Single Window, the WCO Data Model as well as Advance Passenger Information. Additionally he is also responsible as the secretary of the WCO Data Model Project Team (DMPT), Information Management Sub Committee (IMSC) and WCO/ICAO/IATA Advance Passenger Information (API) and Passenger Name Record (PNR) Contact Committee.
